Public Input

Cohen: (Speaking about Cassie Alsfeld) 2 weeks ago said that she didn't vote in the Union Fee increase. That bothered me because that is false. LA's constitution that the student member on the board of supervisors has a vote and I started looking about why she said that. Through my investigation I found out that in the July meeting, Alsfeld did participate in the vote (reads quote to argue his point).

Thank you all for a wonderful year I just don't have the time to do this anymore. It's been great.

Motion to accept Cohen's resignation – Brinks

2nd – Palermo.

Resignation accepted.

Remson: If any of you are interested in the NCAA Challenge, it's coming on Nov. 8. Just for signing up you get a t-shirt and you get to sign-up for a chance to win \$10,000. If you have any questions come to me about it.

Prestridge: We met last Thursday to discuss temporary election codes. We will be meeting this week in the Acadiana Room, so come out and give input. Thanks.

Homan: 2 weeks ago the top 10 freshmen were selected. Volunteer LSU went to Live Oaks Elementary in New Orleans and painted the first and second floors. It was a great success; if you have any questions about it let me know.

O'Malley – motion to accept minutes. 2nd by Brinks.

VP King: I just wanted to give you guys the rundown on a few things. We went over a few things with IT, one of which was a link to give feedback about students' senators. Also, we talked about advertising SG events on paws. Additionally, we talked about the new campus map to see what we need to do to get that set up for next semester. There was a problem with scheduling – a lot of students said they had to wait many hours just to schedule. The problem has been corrected and it should go a lot faster. We're looking to prevent this in the future. We're looking to restructure wireless printing to make it a lot easier for students. The problem is a lot of people don't know they can print from their laptops. Also, we talked about the transition to a new e-mail service. I'd love to get a lot of your input on that because we've already begun our transition discussions. In regards to the printing quota, we're going to be having a meeting next week to discuss all the rules and regulations concerning the student policy on printing. We're working on some other great things including tiger tram that will provide transportation from student parking lots. That just about does it. Thanks for your time.

PMC:

Speaker Robertson: This past weekend we had the SG exchange and we had a good time in Oxford, MS. We had a few altercations with some Ole Miss fans but everything worked out just fine. We did learn a lot about the other SEC student governments. However, we do have things we need to work out and things we need to fix, but I'd like to take about 15 minutes to fill out these evaluations (being passed out currently) and discuss them. I do want to remind everyone that there's a dry erase board in the office and it's called "Issues." If you have any ideas, write them there. We're going to start getting more students involved in Free Speech Alley.

Delery – Move to adjourn. 2nd by Bryan.
